Highland Orphans Visit Lexington.

Twenty-seven bright boys and girls from the Highland Orphans' Home at Clay City, which was founded by Dr. E. O. Guerrant, the noted evangelist, came to Lexington Friday morning on the 8:30 L. & E. train for a holiday outing, and never did youngsters have a more enjoyable time. They were accompanied by Miss O. Stamps, superintendent of the institution, and several attendants, including Miss Robins, Mrs. McCreight, Mrs. Jones and Mr. Miller, all connected with the home, the entire party numbering thirty-two.

The Lexington and Eastern railroad, with its accustomed liberality, furnished the party free transportation and they were met here by Dr. Guerrant and other friends who showed them a good time. The children were taken to various points of interest in the city, allowed to view the Christmas display of toys in the stores and make purchases, treated to a good dinner and had the time of their lives. The party returned to the 1:20 L. & E. train delighted with the trip, which is given the children every year as a reward for their studiousness and good deportment.—Lexington Leader.

The Currency Bill Passes.

The administration Currency Bill was passed in the Senate Friday by a vote of 54 to 34. The Senate adopted, as a substitute for the House bill, the measure framed by the Democratic Senate caucus, which is considered satisfactory to President Wilson. The Democrats voted solidly for the measure. Senator Poindexter (Progressive) and six Republicans joined the Democratic majority in the final vote.

C. C. Fletcher, a leading business man of the county, has moved with his family to Clearfield, Tenn. He and E. B. McGlone, of this city, are partners in the rim business and Mr. Fletcher goes to Clearfield to assume the management of one of their mills.

The examination of applicants for the Stanton post-office will be held there February 18th. No date has yet been given out for the examination at Clay City.

Judge and Mrs. L. F. Mann leave today for Memphis, Tenn., where they will spend the holidays with the Judge's two daughters who live near there.

A Trust Fighter at Work.

The Times is for Owsley Stanley for the U. S. Senate, because he has proven himself to be a friend of the people against the trusts and combines. He is now fighting a case of many cases for the Bowling Green people who are trying, like Louisville, to wrest itself from the clutches of the unscrupulous L. & N. railroad. Stanley believes that utility corporations should be the "servants, not the masters of the people". Many of the gang at Frankfort evidently believe different, or at least they act as if though they think the L. & N. should disobey the laws of our land at will. They refuse to prosecute the road any way in some of the most important instances of its violation of the State laws. Owsley is a free man, belongs to no trust, combine or factions. He is a true Democrat, a true man, and a winner, we believe.

If It Does n't Prohibit, It Pays.

A recent report of the secretary of the Kansas State Board of Control in charge of charitable institutions, it was shown that one-fourth of Kansas counties have no paupers, one-fifth have no poor-farms and poor-houses, ninety counties are without insane and pauper children, sixty-one have no feeble-minded, and Kansas is and has been a Prohibition state for fifty years. If prohibition doesn't prohibit, it pays other ways.

To Its Discredit.

To its discredit, Kentucky as a state ranks a good second in the production of distilled spirits with a total of 48,404,840 gallons of liquor. Illinois stands but little ahead of Kentucky. The internal revenue collections for this year in Kentucky amounts to the stupendous sum of \$35,200,006.44.

T. J. Douglas has been appointed postmaster at Levee. Mr. Douglas, besides being a prosperous farmer and merchant, is a wheel-horse Democrat of Montgomery county and his appointment as postmaster is a just reward for the services he has never failed to render his party when in need of his help.

At Winchester M. S. McIntosh was this week granted a divorce from his wife, Vina McIntosh, on the charge of abandonment. They both for a time lived in this city. Mrs. McIntosh was the divorced wife of Jack Anderson when she married McIntosh.

Do not forget the oyster supper at the Methodist Church Saturday night. Come every one and get your supper. Bring a dime and buy a small box from the tree and in this way help the ladies to repair the church.

Highway Engineers.

State University, Lexington, Kentucky, will open a short course in Highway Engineering, January 5th to 17th, 1914, for the benefit of people who are interested in the Good Road Problem of the State.

No tuition will be required for this course and the expense outside of railroad fare should not be over \$10. It is hoped that every County Engineer will take advantage of this opportunity to improve his education, and thereby better the Road Condition in his county. Men who expect to become County Engineers or Road Builders should avail themselves of this opportunity to prepare for an examination before the State Highway Commissioner. Special instructions will be given to men expecting to take the County Road Engineer's examination.

In the Best Position.

So far as we can see, A. O. Stanley is in the best position to make a United States Senator of the people. As a Representative he has been a leader in the ranks of Democracy and he deserves to go up higher, where his proven ability may have a fuller scope. Anyhow, it is about time to lay aside some of those who have spent a whole lifetime seeking honors. Better train some under study for the part. Some of the old "war-horses" might die.—Dover News.

Delbert Christopher, of Hamilton, Ohio, came in Tuesday to spend Christmas with his father, H. F. Christopher, at Spout Spring.

Caleb Powers, announced in Washington that he will retire to private life after his present term in Congress. This is joyous news.

Sam Mize returned Monday from Middletown, Ohio, to spend Xmas with his parents, Mr. and Mrs. J. W. Mize at Vaughn's Mill.

Mr. and Mrs. J. W. Chaffin and little son, Charles, of Memphis, Tenn., are with relatives in the city to spend the holidays.

Mrs. Myrtle Burgher closed her school at West Bend Friday with a nice entertainment and Christmas tree.

Mrs. Sylvia Russell, of St. Helens, is visiting her son, Harry, and other relatives in the city.

Roscoe Bowman has returned from Normal, Ill. where he has been since early in the Spring.

O. C. Osborne, of San Angelo, Tex., is visiting his brother-in-law, John Scott near the city.

Nelson Witt, one of Estill county's leading teachers, left this city Monday for Louisville.

Bill Eaton, of Russellville, Ala., is visiting home folks.

NOTICE.

I have visited each Magisterial District in the County according to law and after having done this, all who have not paid their taxes are required to come to my office and settle on or before the first day of December. After that date penalty of 6% and 6% interest will be added, and we will at once proceed to collect these taxes as the law directs by levying, garnisheeing and etc.

For Sale.

My farm of 120 acres at Kimbrell, Ky., including store house and stock of goods. For further particulars call on or write W. G. Patrick, Postmaster Kimbrell, Ky.

STANTON NEWS.

Mr. George Stephens and his son, Charlie, were in Winchester this week.

Ross Hall and wife visited with Doc Hall and family in Lexington last week.

Mr. J. R. Stone took a flying trip to Winchester to see some of his kin folks there.

Mr. Fred Blackburn and Ruth Maple were in Winchester this week on a business trip.

Dudley Caudill, Mr. McCornick, Elmer Derickson, and two Hatton boys were in Winchester this week.

As announced last week all the teachers but Prof. Welch left for their homes or to visit friends in other states.

Mr. and Mrs. John Williams were in Lexington this week. Mr. Williams is under a Doctor's treatment there.

Sara Hardwick is spending the Christmas vacation with her sister at Rosslyn. Richard and Susie are spending it at Mt. Sterling.

Charley Jackson who has been in the furniture business in Covington for several months arrived home Tuesday to spend Christmas with his parents.

Lucile Todd has gone to Louisville to visit through the holidays with her parents. After a visit in Lexington she expects to return for school work.

Mrs. Margaret Vance and her daughter, Elsie, with Dr. Johnson went to Lexington Tuesday. Mrs. Vance will spend the holidays with her children at the home of her kin folks.

Master Colson Blackburn returned home from attending a military institute at Louisville. He will return after the holidays are over. Colson looks fine and we hear good reports of him.

Rev. J. W. Hall, of Lexington, who preached here the second Sunday of this month will preach here again the fourth Sunday, the 28th. It is hoped that as many as can will come out to hear this splendid preacher.

The little baby of Mr. and Mrs. Fred Ware, of Hardwick's Creek, was taken to Lexington last week where an operation was performed on it, and at last reports the baby was doing well. Another operation will have to be performed soon before relief can be had.

There was a bad wreck on Monday of this week. A freight train wrecked on a culvert and in a cut off throwing two steel cars off the track. Both passenger trains were delayed several hours on account of having to be transferred. It took about twenty-four hours to clear the track.

Richard Crowe left for Mt. Sterling Monday and from there will go to Lexington where he hopes to get work till he can enter Transylvania University this winter if all things work out right. We are glad to note that Richard is not going to stop till

he climbs higher on the ladder of fame. We predict for Richard a splendid career if he follows out his present plans.

At the County School Exhibit held last Saturday at the College Dudley Caudill's school and Richard Crowe's school tied for honors on the number of ribbons won. There are two points to be decided yet and Richard says that his school will sure get them and if it does his school will have carried off the honors of the day. These school exhibits are a splendid thing for the boys and girls of Powell county and we hope that they will be an annual occurrence and the people of the county will take a greater interest in them.

The Committee of five that was appointed to investigate the smoking of cigarettes by the minors of our town are making headway. Many of the parents of Stanton do not know or realize that their boys are smoking these deadly cigarettes. As it is strictly against the law for any merchant or person to sell, give or use any subterfuge in the disposing of cigarettes this committee is going to sift things to the bottom. And no merchant or store can sell cigarettes or cigarette paper without a license. We are told that older boys are supplying the smaller boys with the paper and if such proves to be the case they are liable to indictment.

Christmastide is the most joyous time of the year because of the wonderful event it commemorates. There is a spirit of universal happiness the world over. It is the Christmas spirit that warms the heart like a winter's fire, that binds like a golden chain, that inspires like the sweetest music, that transforms society like an advancing summer. By reason of the world's cares and griefs, its adversity and heart-breaks, Christmas is the greatest event that has befallen our earth, while the passing of Christmas out of life would be to take the perfume out of flowers, the sweetness from all songs, the color from the rainbow, the sheaf from the summer, the soul from the body, God from His sky. Christmas is the tie that binds youth to the home in his childhood and brings them back in their mature years. Men and women the world over return to the old home for Christmas. It is the one season of the year that they like to gather around the old fireside and renew memories long forgotten. The rich and poor alike and all classes of society are happy on this great day. But it is so sad to see how some men spend this day. It is not in commemoration of the birth of our Lord, but they spend it in riot and drinking and revelry. They lay up their money that they might lay in a supply of liquor to celebrate this greatest of all days, this festive time of the year when the whole world should rejoice and make merry. It was a sad sight indeed to see so much whiskey coming in on our trains during this Christmas week. We hope the day will soon come (and it is coming) when there will be no whiskey to be shipped into our midst and thus debauch our citizens. The writer feels sorry for the man who drinks but the day is fast approaching when he shall not have that enemy to curse him.

There is not a paper printed but what frequently has occasion to refer to the "high cost of living"; rarely does a conversation occur between any two persons discussing current topics, but what the question of the "high cost of living" crops in somewhere. This is all sickening to us because we know it is only a slur at what the farmer produces. The items of "high cost" of dressing are not mentioned. Neither is the "high cost" of farming considered. There was a time when twice as many people of this country, according to the numbers here, were engaged in farming and producing a surplus of everything we needed to eat. In the past twenty years one-half of this number have left the farm because they could, and are now, making more money at other vocations of life, and buy what they eat at the present "high prices". To curtail the price of farm products only means to further transform producers into consumers. Let the farmer and his products alone. If there are any of the "dignified hid-gloved gentlemen" who cannot remain in the city because of the "high cost of living" let him come out into the country, roll up his sleeves, grab the grubbing hoe and work from sun till sun, (as all farmers have to do) and he will have plenty to eat, if nothing to wear. Let him try this one year and he will not complain any more of the "high cost of living". When farming, as a business, will pay in earnest on the money invested in land, pay for the upkeep of the place, and yield a nice dividend in earnings, as other successful business enterprises of the land do, then will there be more land farmed and more products raised. But not one farm out of a hundred can be made do that now with even the advantage of the "high cost of living".

The only trouble with the "high cost of living" is the middle man needs a good shearing. Shear him and the remedy is applied.

Many State Senators and Representatives are mapping out great plans of what they are going to do when they get to Frankfort this winter, what new laws they are going to have enacted, and etc. Their ideals may be meritorious, but it occurs to us that what we are most needing now is the repeal of many laws and a strict enforcement of what other laws we do have. If we should advance any new legislation we would suggest 1st, that

all violations of law impose a fine, and that the fine be increased according to the means of the violator to pay. 2nd, if the Commonwealth fails to prosecute violators of the law, any citizen can do so after first notifying the Commonwealth of such violations, and recover the fine that goes to the State, and that the official so neglecting to enforce the law when the infractions are known to him, be fined for not doing his duty. 3rd, that all assessments shall be equal upon all property and at not less its full cash value, upon utility corporations according to their earning powers, basing the value of money invested at 6% 4th, State aid to good roads.

This is all we need and the Legislature to adjourn within ten days and receive their pay for the full term. Why not pay them for going home and look after private matters rather than stay at Frankfort and vote thousands of dollars of the taxpayers' money away from them as they have been doing in the past.

J. C. W. Beckham made a good Governor, but one thing he did we didn't like. Soon as his term of office expired he became an attorney for the L. & N. Railroad at a large salary. This will have no bearing on the Governor, we are sure, but long associates in business naturally become close friends, and one thing is sure, the people do not need a friend of the L. & N. Railroad to represent them at Washington. When the high U. S. Senate finds it necessary to investigate the operations of a railroad as they have done with the L. & N., it is time the people take double precautions to let no one into the Senate that is even friendly to the combine. Owsley Stanley is free from any political contamination of any trust or combine, and is as big an enemy of their's, as the humble writer. He is a safe man and worthy of your suffrage.

It seems strange to us that business people and concerns having business with publishers cannot learn how many papers there are in a town the size of

Clay City. There is but one paper in Clay City and but one in Powell county now, and there never was but one other in this town, the old Clay City Chronicle which snspended about fifteen years ago. Still there is hardly a day that does not bring some mail to the local postoffice not only for the "Times", but for the "Chronicle", the "News", the "Times-Herald" and the "Gazette". The newspaper directories should be revised, and the newspaper business men should buy a copy of a reliable current issue, and thereby save mailing matter to dead papers and to papers yet unborn.

The State scored another victory Saturday against the lowly assessed railroads of the State when U. S. Judge A. M. Cochran at Maysville declined the C. N. O. & T. P. railroad a temporary injunction unless the road paid \$10,000.00 more tax and the C. & O. paid in \$25,000.00 more. Judge Cochran is evidently not afraid of the railroads in making his decisions. Judge Cochran made similar decisions against the L. & N. and Q. & C. which has added already to the State funds over \$125,000.00. Judge Cochran is a Republican, and the writer is a poisonous Democrat, but we hope to see him live long and protect the State's rights in the future as in the past, and may he never cease to be on the bench while he lives. He is a fit man for President.

More than 300,000 violations of the law limiting the service of train employes on American railroads to sixteen hours a day were reported to the Interstate Commerce Commission during the past year. This proves that most all railroads are like the unscrupulous L. & N., have but little regard for the laws of our land.

The continuation of the mild winter weather will partially, at least, take some of the bigotry out of the coal king.

LOCAL BREVITIES.

J. H. Dawson, of Winchester, was in the city Monday.

J. B. Hall, of Lexington, was here Saturday and he and C. O. Eaton took a little hunting jaunt.

Miss Ethel Johnson who has been attending school at St. Helens, is spending the holidays at home.

Movement of the new corn crop in Western Kentucky was noted when over 200 carloads were shipped from Kevil and other points.

A Merry Christmas to all our readers and may it be that "Old Santa" has not forgotten you though your hair may be white from the many frosty winters of your existence.

The repeal of the law prohibiting the opening of post-offices and the delivery of mail on Sunday because it impairs the the service is urged by Third Assistant Postmaster General.

Group and Cough Remedy.

Croup is a terrible disease, it attacks children so suddenly they are very apt to choke unless given the proper remedy at once. There is nothing better in the world than Dr. King's New Discovery. Lewis Chamberlain, of Manchester, Ohio, writes about his children: "Sometimes in severe attacks we were afraid they would die, but since we proved what a certain remedy Dr. King's New Discovery is, we have no fear. We rely on it for croup, coughs and colds." So can you. 50c. and \$1.00. A bottle should be in every home. At all druggists. H. E. Bucklen & Co. Phila. St. Louis.—Adv.

I. G. Jackson, of Harrodsburg Leader, arrived Monday to spend the holidays with his parents, Mr. and Mrs. W. L. Jackson, at Vaughn's Mill.

The Interstate Commerce Commission held that existing routes to Northern points for Kentucky and West Virginia soft coal must be maintained, and granted a ten-cent increase in rates.

L. C. Wilson has been appointed post-master at Irvine. For years Mr. Wilson has been a leader of the Democratic party in Estill, and the appointment is a just reward for the unstinted service he has always rendered his party.

Some miscreants cut the telephone line running to J. W. Hutson's place in the Western portion of the county. It was cut at each of the poles. There is no clue to the party or parties who so wickedly disturbed Mr. Hutson's telephone connections.

Jailer John W. Elkin was indicted at the recent session of the Estill county grand jury for permitting the escape of a prisoner. It was as we understand, no neglect of duty on the part of jailer Elkin himself, but was the fault of a deputy who had full charge at the time the prisoner escaped.

Dr. Hobson's Ointment Heals Itchy Eczema.

The constantly itching, burning sensation and other disagreeable forms of eczema, tetter, salt rheum and skin eruptions promptly cured by Dr. Hobson's Eczema Ointment. Geo. W. Fitch, of Mendota, Ill. says: "I purchased a box of Dr. Hobson's Eczema Ointment. Have had Eczema ever since the civil war, have been treated by many doctors, none have given the benefit that one box of Dr. Hobson's Eczema Ointment has." Every sufferer should try it. We're so positive it will help you we guarantee it or money refunded. At all Druggists or by mail 50c. Pfeiffer Chemical Co. Philadelphia & St. Louis.—Adv.

Ellean flour \$2.40 per hundred pounds, 60c for 25 lb. sacks, granulated sugar, 20 lbs. for \$1, or \$4.75 per hundred pounds, roasted coffee 16c per pound.

Hardwick & Company, Stanton.

Mr. James M. Everman and wife, of Latonia, Ky., and Mrs. C. C. Kimbrell and little son, Vernon, of Paris, Ky., and Mrs. J. A. Taylor and daughter, Miss Zettie, of Winchester, Ky., visited their sister, Mrs. B. F. Berry at West Bend last week.

Stomach Troubles Disappear.

Stomach, liver and kidney troubles, weak nerves, lame back and female ills disappear when Electric Bitters are used. Thousands of women would not be without a bottle in their home. Eliza Pool, of Depew, Okla. writes: "Electric Bitters raised me from a bed of sickness and suffering and has done me a world of good. I wish every suffering woman could use this excellent remedy and find out, as I did, just how good it is." As it has helped thousands of others, it surely will do the same for you. Every bottle guaranteed, 50c. and \$1.00. At all druggists. H. E. Bucklen & Co. Philadelphia or St. Louis.—Adv.

It's the Cutting Edge.

Your scythe may have the proper "set", may "ring" true, have back of ample strength—and still be wanting in the cutting edge. Often, scythes that are perfect otherwise, have one or more soft spots along the edge—are not uniformly tempered—have a hidden flaw. But—the one defect means the difference between a good and a poor scythe. **BLUE GRASS SCYTHES** are a perfect product of the scythe maker's skill. Perfect from point to heel—from cutting edge to back. The steel used is of an extra special high grade. Blade is finished with polished edge and back. Sharpened ready for use. We have every confidence in the quality of Blue Grass Scythes. That's why we can afford to guarantee them.

In Error.

In stating last week that Brodhead-Garrett Company had purchased the R. P. Rose farm, the Times was in error. L. P. Keith, General Manager for Brodhead-Garrett Company was the purchaser. The price paid is not given out. We picked the item from current rumor, and Mr. Keith's being General Manager for the Company, is the probable reason why it was circulated that the Company had bought the land. The price was conjectured from what Mr. Rose had bargained it for once before.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Farm Drain Tile

Make Your Wet Land Productive.

By the use of drain tile you can turn that low, wet, useless, swampy field into the most productive spot on your farm. Good tile, properly placed, not only carries off surplus water, it admits air to the soil and makes it easy to work. It improves any soil. The increase in the value of the land is many times the cost of the tile. The first year's crop from tiled land pays for it. Any body can do the work successfully. Write for particulars or call at our plant.

You Need a Tonic

There are times in every woman's life when she needs a tonic to help her over the hard places. When that time comes to you, you know what tonic to take—Cardui, the woman's tonic. Cardui is composed of purely vegetable ingredients, which act gently, yet surely, on the weakened womanly organs, and helps build them back to strength and health. It has benefited thousands and thousands of weak, ailing women in its past half century of wonderful success, and it will do the same for you.

CARDUI The Woman's Tonic

Miss Amelia Wilson, R. F. D. No. 4, Alma, Ark., says: "I think Cardui is the greatest medicine on earth, for women. Before I began to take Cardui, I was so weak and nervous, and had such awful dizzy spells and a poor appetite. Now I feel as well and as strong as I ever did, and can eat most anything." Begin taking Cardui today. Sold by all dealers.

Has Helped Thousands.
